## **The Motor Camping Book (Legacy Edition)**

One of the First Manuals on Car Camping and Recreational Vehicles This deluxe unabridged reprint Legacy Edition of Elon Jessup's historic The Motor Camping Book is full of classic tips and methods for making the most out of your car camping and recreational vehicle trips. As one of the first books on RVs and car camping published originally in 1921, this vintage book is an essential text for seeing how car camping, trailer life, and campers enjoyed themselves when cars were few and outdoors touring roads were all still covered in dirt! Jessup's analysis and discussion of car camping was ahead of its time. Jessup describes in detail some of the finer points of motor vehicle camping in its earliest days, including chapters on why we camp in our vehicles in the first place, what to pack in your car, water considerations, cooking kits and utensils, cooking fires, food boxes, sleeping arrangements and how to set up tents, car-based shelters in original motor cars, furnishing your campsite, staying out of trouble with common car-based challenges, where to camp with your car in 1921, and laws for motorists of the day. This vintage book includes timeless RV and motor vehicle camping topics. It makes a perfect gift for car campers, van life enthusiasts, trailer and camper RV die-hards, and anyone who longs to spend a weekend or longer in their RV, young and old! This is the classic manual of RVs, preserved for over a century! It also makes a great gift for outdoorspeople, bushcrafters, survivalists, campers, and scouts. Although this book represents thought from a former time, it also reveals much about the rich history of recreational vehicles, and many of the tips, tricks, and discussions are still relevant for study today! A part of the Library of American Outdoors Classics. This Doublebit Legacy Edition facsimile reprint of The Motor Camping Book is professionally restored and presented from the original source, including inspiration from the book's original cover, with the highest degree of fidelity possible. Readers can enjoy this Legacy Edition for generations to come and learn from its timeless knowledge. “Glamour camping . . . is about the juxtaposition of rugged and really pretty, grit and glam, diesel and absolutely darling.”—The New York Times Glamping—unleashing your inner wild while wearing a pair of fishing-lure earrings—is for every woman (or man!) who ever had a get-away-from-it-all fantasy (with a few frilly embellishments thrown in). Learn about the never-fail campfire, cooking with cast iron, how to change a flat, and much, much more. Like the infamous Calamity Jane, who said, “I figure if a girl wants to be a

legend, she should go ahead and be one,” MaryJane Butters coined the term glamping years ago when she founded her unusual Idaho canvas wall-tent bed & breakfast, which was featured in The New York Times Magazine and Travel & Leisure as “the place to be.” Legend status achieved, MaryJane lives in Moscow, Idaho, where she runs her many businesses, which include a successful organic farm, product lines, a bed & breakfast, and MaryJanesFarm magazine. This is her fourth book. “One busy, hectic afternoon in my house, I sat down to take a quick peek at Glamping. Over two hours later, I was still reading, blissfully lost in MaryJane’s beautiful world. I’m dying over this book. I absolutely, positively LOVE IT!”—Ree Drummond, New York Times bestselling author of The Pioneer Woman Cooks

He lives in Elverta, California.

## **Pickup Camper Manual**

The movement of people, goods, capital and information is a central aspect of living in the inter-connected, globalised late-modern world. Although this broader view of mobility is recognized, this book focuses mainly on migration or the movement of people and examines multiple dwelling as a societal response to the major influences of increased mobility and amenity tourism (visiting or residing in high quality landscapes such as mountains, beaches and forests for leisure experiences). It considers the modern-day meaning of multiple dwelling, how it affects personal identity and the meaning of 'home' and its impacts on host communities and landscapes. This book is of significant interest to those working in the areas of tourism, leisure, geography, outdoor recreation, sociology and anthropology.

## **The Total Camping Manual**

In 1998 the author, a professional prankster, trademarked the phrase “freedom of expression” to show how the expression of ideas was being restricted. Now he uses intellectual property law as the focal point to show how economic concerns are seriously eroding creativity and free speech.
