Curious George and the Summer Games

For 150 years Northgate, the main road into the town of Darlington, in the north east of England, has been dominated by a large Victorian church with its 120 foot steeple & large, solid, blue entrance doors. This book opens those large blue doors & gives us a fascinating glimpse into 150 years of church life and the changes in society over that period. It takes us from the first Minister, Rev Johnman, who was attracted to Darlington because it offered 'plenty of hard work,' through to the newest member's description of coming through the big blue doors for the first time. On the way it covers members' memories of the way in which the church shared in their life-changing events, such as the adoption of children, marriage, serious illness and death. They are all set against the backdrop of church activities and the ever-changing society. As well as appealing to anyone with a connection with the church, this book will also appeal to anyone who has an interest in the social history of Darlington.

To the Field Through Backyards is a series of essays with poetry and photographs that depict a not so long ago era in a farming community. The book is an account of the experiences of one family that lived and worked in the southeastern North Carolina community of Leggett. It is also a reflection of life as it was lived by a majority of rural residents of North Carolina and most of the South during the first half of the 20th century. The essays permit the current younger generation a glimpse of a life that is now obsolete.

The Voices of Baseball

Few ballparks still in use today can boast of hosting both Babe Ruth and Vince Lombardi during their playing days. Muzzy Field in Bristol, Connecticut, is one of them. In *Muzzy Field*, author Douglas S. Malan retells the stories of the events and people who shaped this municipal ballpark that is so rich in history. Tucked away in the woodsy corner of a public park located within the once-gilded boundaries of a manufacturing city, Muzzy Field's illustrious history began as a charitable land donation in 1912. With the financial backing of the sports-minded management at New Departure Manufacturing, the field became home to one of the area's strongest semiprofessional baseball teams; it also welcomed some of the greatest athletes who played the game—from Ruth to Martín Dihigo and dozens of Hall of Fame athletes. From its earliest days, the colorful stories of the great barnstorming era of professional sports defined what has become a grand old dame of New England ballparks. With photos included, *Muzzy Field* relates the long legacy and the fascinating stories of a field that many never knew existed. They are tales from a forgotten ballpark.

Scouting

In 1985 the Vassar College Athletic Association ignored the constraints placed on women athletes of that era and held its first-ever womens field day, featuring competition in five track and field events. Soon colleges across the country were offering women the opportunity to compete, and in 1922 the United States selected 22 women to compete in the Womens World Games in Paris. Upon their return, female physical educators severely criticized their efforts, decrying "the evils of competition." Wilma Rudolph's triumphant Olympics in 1960 sparked renewed support for womens track and field in the United States. From 1922 to 1960, thousands of women competed, and won many gold medals, with little encouragement or recognition. This reference work provides a history, based on many interviews and meticulous research in primary source documents, of womens track and field, from its beginnings on the lawns of Vassar College in 1895, through 1980, when Title IX began to create a truly level playing field for men and women. The results of Amateur Athletic Union Womens Indoor and Outdoor Track and Field Championships since 1923 are given, as well as full coverage of female Olympians.

MUZZY FIELD

Few people have influenced a team as much as did Tom Yawkey (1903–76) as owner of the Boston Red Sox. After purchasing the Red Sox for \$1.2 million in 1932, Yawkey poured millions into building a better team and making the franchise relevant again. Although the Red Sox never won a World Series under Yawkey's ownership, there were still many highlights. Lefty Grove won his three hundredth game; Jimmie Foxx hit fifty home runs; Ted Williams batted .406 in 1941, and both Williams and Carl Yastrzemski won Triple Crowns. Yawkey was viewed by fans as a genial autocrat who ran his ball club like a hobby more than a business and who spoiled his players. He was perhaps too trusting, relying on flawed cronies rather than the most competent executives to run his ballclub. One of his more unfortunate legacies was the accusation that he was a racist, since the Red Sox were the last Major League team to integrate, and his inaction in this regard haunted both him and the team for decades. As one of the last great patriarchal owners in baseball, he was the first person elected to the Baseball Hall of Fame who hadn't been a player, manager, or general manager. Bill Nowlin takes a close look at Yawkey's life as a sportsman and as one of the leading philanthropists in New England and South Carolina. He also addresses Yawkey's leadership style and issues of racism during his tenure with the Red Sox.

The Chronicle-Argonaut

According to author Patrick Kelly, Catholics have always engaged in play and sports. During the Middle Ages, games and sports were played on feast days and Sundays, and these activities are shown in prayer books, in woodcuts, and on stained-glass windows in churches and cathedrals. Contrary to the view of some sports historians, pre-Reformation Christians did not "loathe the flesh" but instead insisted on the unity of body and soul. Book jacket.
