Therefore, a better understanding of why and how an innovation is adopted can help develop realistic management and business plans. Most books on this topic use a single-discipline approach to explain the diffusion of innovations. This book adopts a multi-disciplinary and managerial process approach to understanding and promoting the adoption of innovations, based on the latest research and practice. It will be of interest to graduates and researchers in marketing, product development and innovation courses.

In the past ten years there was a worldwide trend towards increased use of Tunnel Boring Machines (TBM's). This trend covers a broad variety of applications ranging both from small diameters for sewers and other utilities to large diameters for double track railway and even three-lane highway tunnels. The response to this has been the development of both hard rock machines in the direction for application in soft ground, and soft ground TBM's to be used in soft rock. Parallel to the technical development of TBM's towards applications for longer tunnels, running through changing geological conditions, there are needs for the development of lining methods. 'TBM Tunnel Trends' an international lecture serie collection, aims to present the latest scientific and practical state of the art of TBM tunnelling, taking into consideration interactions between machinery and lining. 26 international highly recognized papers.

In *To Live Is Christ*, best-selling author Beth Moore travels on a spiritual odyssey through the life of one of Christianity's most fervent journeymen, the apostle Paul, tracing his story from childhood to martyrdom. Proclaiming his faith as a benchmark in New Testament Scripture, Beth writes, "I have accepted many of Paul's words as a personal challenge. 'I want to know Christ' has become my plea. 'To live is Christ and to die is gain' has become my hope. And to borrow his words once more, 'Not that I have already obtained all this . . . but I press on.'" Paul's undying passion for Christ continues to inspire and challenge those with a deep spiritual hunger for the things of God. Readers will be greatly refreshed by the obvious mercy of God that causes those who have failed him to repent and serve him wholeheartedly and effectively.
